ENTRY DEADLINE FOR THE EVENT IS OCTOBER 9TH AT NOON.

Tournament Play:

Tournament:

- 50 Team tournament bracket
- Single elimination
 - **First Round of Tournament:** Teams will play to a total of 15 points, first team to score 15 or more points wins.
 - **Second Round of Tournament:** Teams will play to a total of 15 points, first team to score 15 or more points wins.
 - **Remaining Rounds of Tournament:** Teams will play to a total of 21 points, first team to score 21 or more points wins.

Court Setup - Each Court will be named as follows: Court 1, Court 2, Court 3 and so on.

Starting the Game – Two-step process to start the game: (1) Assigning players to designated “throw areas” and (2) Determining who throws the first bag.

- (1) The higher-seeded team either assigns one of its players to a “throw area” or defers to the lower-seeded team. If the higher-seeded team selects one of its players to a “throw area”, then the lower-seeded team assigns both of its players to two of the three remaining “throw areas” (teammates must be on opposite side of the court). The higher-seeded team then assigns its other player to the last “throw area”. If the higher-seeded team defers, then the lower-seeded team assigns the first player to a “throw area”. Then the higher-seeded team assigns both of its players to a “throw area”. The lower-seeded team assigns its last player to the final “throw area”. Once players have been assigned a “throw area”, they cannot change throughout the course of the game.
- (2) The higher-seeded team selects which side throws first. The lower-seeded team selects which team/player throws first. The game begins with the first toss of the first turn.

Turn - A turn consists of both players from one side throwing all four bags in an alternating fashion. After the first turn to start the game, the player on team that last scored a point throws the first bag for that turn.

Once both players have thrown all four bags then the score for that turn is calculated, see scoring rules for details. No one should touch a bag until both teams agree on the points scored for that turn and tallied it to the overall game score. Once the game score has been tallied then the turn is over and players can pick up bags and start next turn.

Scoring - The scoring system is based on a cancellation scoring system. A bag in the hole is worth 3 points and a bag on the board is worth 1 point. A bag that hits the ground and bounces on the board does not count and should be removed immediately after the throw. A bag must be clearly on the board to gain a point. It must stay on the board if the front of the board is lifted 3”. If a player clearly steps over the foul line then the bag does not count and should be moved immediately.

Upon completion of a turn, total point from each player is calculated. The player with the higher score subtracts the points from the opposing player. The result of this calculation is the score for the team with the player w/ the higher score from that turn. If both players have the same score for that turn, then no points are awarded to either team.

Winning - The winning team is the first team to reach or exceed the point value deemed for each round. Note: A game is not over until a turn is completed.
