

ALASKA HALIBUT AND SALMON

The Alaska Halibut and Salmon Signature Outdoor Adventure with Majestic Expeditions is the quintessential SOA. With a track record of 21 years in business of incredible service with not a single negative review, I can tell you it is not just the amazing fishing that keep guests coming back year after year.

From the moment you arrive, you are treated much more than just a guest. Josh Graves and his wife Cristina go above and beyond to treat you like family when you stay with the Majestic Expeditions crew. They welcome you with open arms and smiles that are uncontrollably contagious. The service and attitudes of the staff are second to none, and the service they provide to everyone is worth the price of admission alone.

When it comes to fishing, the guides are as seasoned as they come. They are truly professional fishermen with a proven track record that carried through as all guests were getting on fish every single day despite the variety of the Alaskan weather conditions. All guests from both weeks were able to take at least 50 lbs of Halibut and Salmon that they caught back home, which is just icing on the cake after such a wonderful week of fishing.

When it comes to the food, I am convinced that this is the best cuisine in North America. Cristina is the best chef I've ever met, and there wasn't one meal that I can say I've had better anywhere else. Despite the fact that they're in an area of Alaska only accessible by boat and plane, there is no compromise to the quality or freshness of everything that she makes. There is not a moment goes by that you will go hungry.

When it came to the end of the trip and guests were asked what their favorite part was, it was hard to decide between the incredible food, the amazing views, and wonderful fishing. At the end of the day, what truly made this trip so incredibly special was not just the tangible assets that make up the typical perfect trip. It was the people. The Majestic Expedition owners and staff go above and beyond to make everyone feel like a part of their family. You are treated like royalty, and it is easy to see why they have never had a negative review in over 21 years of business. This is one of the best Salmon and Halibut outfitters in Southeast Alaska. If this trip is not already on your bucket list, it needs to be.
